Installation Steps:

1. Mark the point on the ceiling according to the holes of the mounting bracket, and drill the holes on the ceiling.

2. Install the mounting bracket to the ceiling with the expansion screw pipe and screws.

3. Screw the hanging rod to the light holder bar.

4. Get through the other hanging rod to the hole of the lamp frame, and connect it to the hanging rod of step 3.

5. Connect the hanging ring to the hanging rod of step 4.

6. Get through the end of the chain to the canopy.

7. Fasten the chain to the canopy with the nut.

8. Connect the power cord to the lamp wires with the connecting terminal and lead wire. (U.S. -- black for "L", white for "N", copper wire for "Ground"; Europe -- brown for "L", blue for "N", yellow and green for "Ground")

9. Get the canopy close to the ceiling, and let the mounting screw through the holes of the canopy.

10. Install the canopy to the mounting bracket with the ball nut(screwing the ball nut).

11. Install the bulb(not included).

Attention:

1. Please make sure power-off before installation. (WE SUGGEST INSTALLATION BY A LICENSED ELECTRICIAN.)

2. Due to differences between monitor displays, actual color may vary slightly from image.

3. Because of the different measurement methods, please allow 0-1/2inch difference due to manual measurement.

4. If you have any questions or any missing parts, please do not hesitate to contact us, we will try our best to help.
